

DON'T FORGET TO MAKE A PLAN

FOCAL PASSAGE: Luke 14:28-29

BIBLICAL TRUTH: God wants us to have a plan to grow our business.

BUSINESS IMPACT: To help us focus weekly on a plan that will continue to grow the business.

Luke 14:28-29 *Suppose one of you wants to build a tower. Will he not first sit down and estimate the cost to see if he has enough money to complete it? 29. For if he lays the foundation and is not able to finish it, everyone who sees it will ridicule him,*

Do you know where your business is going in the future?

Do you know how you're going to get there?

You need to have a plan if you want your company to grow. This plan should have checks and balances. So you can monitor how your company is doing.

Its not good enough to have just an end goal, you should have a long term goal but you should also have short term goals to achieve what is needed to reach the long term goals.

If you haven't done so already you should set aside one day a week to check and balance what is needed to reach your long-term goals. (a stitch in time)

You don't reach long-term goals by accident. It takes planning and a focus to reach those plans.

Our plans miscarry because they have no aim. When you don't know what harbor you're aiming for, no wind is the right wind.

PRAY— that God show you the plan that you need and how to focus on that plan.
