

STAND FIRM ON ANGER

FOCAL PASSAGE: Proverbs 19:19

BIBLICAL TRUTH: God does not like uncontrolled anger.

BUSINESS IMPACT: Uncontrolled anger can have an adverse effect on productivity and employee morale.

Proverbs 19:19 *A hot-tempered man must pay the penalty: if you rescue him, you will have to do it again.*

It is not uncommon for a coworker or employee to go off, get mad and lose his or her cool.

Situations like this shouldn't be tolerated and should be handled in a quick & firm way.

It is so easy to look the other way but this will just make matters worse next time and it gives the go ahead to allow others to express their anger in the same manor.

So what should you do?

1. Allow them to bear whatever the consequences maybe.
2. Tell them outburst of anger will not be tolerated.
3. If an apology is needed then you should insist on it.
4. Let them know further consequences will take place if it happens again.
5. Tell them everyone should strive to keep a peaceful environment at all times.

Proverbs 20:3 keeping away from strife is an honor for a man, but any fool will quarrel.

He who blows his stack adds to the worlds pollution

■ Will Henry—

Pray—That God shows us how to handle others and ourselves when we get angry.
