

SWEAT THE SMALL STUFF

FOCAL PASSAGE: Luke 15:8

BIBLICAL TRUTH: God wants us to be good stewards of our time and money.

BUSINESS IMPACT: To help us run our business in a way that the little problems don't become big ones.

Luke 15:8 *Or suppose a woman has ten silver coins and loses one. Does she not light a lamp, sweep the house and search carefully until she finds it?*

It would be so easy to say why put all that time and effort in finding one coin I have nine others.

The way I look at this situation is this women was careless with the money she had. Maybe she has a habit she can't break or she is doing something that is causing her to lose money.

As a business we need to look at the little things, the Problems that don't seem like they are that big of a deal. Because if we don't before we know it becomes a problem that will be hard to fix.

Just because the women found the coin this time, does not mean she will find it next time. It would be wise for her to found out why she lost it in the first place so it doesn't happen again.

How many companies have failed due to the lack of a few lost coins or a little time lost here and there that in the beginning seemed to be little the

things, and then they grew into big problems and then it was too late and the company had to shut down.

PRAY— that God will give us the wisdom to help us see the little problems before they become big ones
